Memo to File:

Re: Vipont Mines, Ltd.
Box Elder County, Utah
ACT/003/005

On June 26th 1977, Ron Daniels and Brian Buck visited this rejuvenated mining area in extreme northwest Box Elder County.

The area is largely predisturbed by past silver mining and milling ventures. A number of extensive waste rock dumps exist along with the foundations and tailings of a mill.

Very recent work consists of extensively up grading the existing dirt road and leveling a mill site.

A Mr. Thomas F. Miller of United Silver Mines, Idaho was in charge of the work for Vipont Mines Ltd. Box 267, Oakely, Idaho. He said that the general area was mostly patented claims now consolidated by Vipont Mines Ltd. The proposed operation will concentrate silver ore from the existing tailings and waste rock dumps along with further mining.

Mr. Miller was informed of his existing state of violation of Utah Law and was instructed to proceed with his filing as soon as possible. He was also asked to submit an immediate letter of explanation for his failure to comply with the Utah Mined Land Reclamation Act.
